Check your corn for budworms. Budworms can impose a serious loss on your corn crop. They feed on the leaves and the green leaves can indicate infestation, and if not controlled they can badly reduce the yield.

and tophene are recommended for control. It is also effective for budworms. Grand materials are more effective for better penetration of the insecticide. It is important to force the insecticide into the soil where the worms are.

one application of DDT should do the trick. It takes three to five gallons per acre. For budworms, 15 pounds of 10 percent DDT, 20 percent toxaphene, or a half percent DDT spray use one gallon of DDT to cover two gallons of technical.

## FALL PLANTS

Now is the time to get ready for the fall. Take soil samples now and send them to the soil laboratory and you will have plenty of time to get your recommendations back before time to apply the fertilizer.

Select your areas now for winter grazing crops. The part to be planted for early fall grazing should be followed now, and kept followed all summer. Plant September 1st.

## TELEVISION SAFETY

Television receivers contain high voltage. They can be dangerous. They are too complex for amateur tinkering, so if yours gets out of fix, call a competent repairman.

Never place a television set

## DEGREES OFFERED BEFORE DIPLOMAS

The Mississippi State College, June 22, has increasing emphasis on the industrial field of graduates. Graduates in the field of Drafting, Civil Engineering, Chemical Engineering, and Mechanical Engineering at Pearl River College were offered employment, some before they had received diplomas.

The Highway Department, the Mitchell Engineering Corporation of Columbus, Engineering, Piping Association, the Fryling Products Corporation of Gulfport, and the Copolymer Corporation of Baton Rouge.

In the past few months, there has been an increase in the number of trained technicians in the field.

C. C. has now completed two years of work in Drafting, Civil and Chemical Engineering, and has completed a first year's work in Mechanical and Automotive Engineering. And this fall will add three technical fields of study in the field of Construction and Technology.

## Library Story Hour Large Attendance

The Library Story Hour sponsored by the American Legion Auxiliary had the largest attendance since its inception four years ago, last week.

Mrs. Carl Ramond assisted by Auxiliary member Miss Margaret Moreau had charge of the story hour with 80 children in attendance.

The children gave the Pledge of Allegiance and sang America, followed by a program of stories by Mrs. Ramond.

At the close of the story hour, the children were given candy.

Due to the 4th of July Holiday falling on Friday this week, the story hour will be held on Thursday this week only.

## GENERAL BUSINESS INCREASE ON COAST

State College, Miss.—General business activity in the Biloxi-Gulfport district during May showed an increase of one per cent over the level of a year ago and an increase of eight per cent over the preceding month, according to the current issue of "The Mississippi Business Review."

The report, which is published by the Mississippi State University, shows that two of the five cities checked experienced decreased activity from the May 1957 rating. Biloxi registered a one per cent increase; Gulfport, two per cent; Bay St. Louis, two per cent; while Pass Christian and Piquette decreased 12 and six per cent respectively.

Compared with the level of 1947-48, the district as a whole stood at 227 per cent on the index. On the same index, the district recorded 229 per cent—Gulfport, 232 per cent; Bay St. Louis, 223 per cent; Pass Christian, 192 per cent; and Piquette, 193 per cent.

# Don't Let This Year's 4th Be Your Last--Be Careful

Mississippians were urged today not to let this year's 4th of July Holiday be their last.

John C. Underwood, President of the Mississippi Highway Patrol, recalled that 28 people died from accidents in the State during the July 4th holiday week-end last year.

"Accidents don't just happen, they are caused," the Safety Council President stated. "Eliminate the cause and you will eliminate most accidents. Do not wait until you have plowed your car into an innocent victim to slow down or replace a worn out tire, or fix faulty brakes. Do it before your Fourth of July weekend trip."

"The Mississippi Highway Patrol," he said, "reports the chief causes of automobile accidents are excessive speed, failing to yield right of way, driving while intoxicated and just plain carelessness. There is a cause behind every accidental drowning. Swimming too far from shore, swimming alone, pranking around in a boat. These are all causes of drownings and should be avoided."

Underwood stated, "The Mississippi Safety Council believes there are 2 basic needs in Mississippi to begin a downward trend in accidental injury and death. The first is more and better law enforcement through improved safety laws and increased law enforcement facilities both on a state and local level." The second basic need, he said, "is for a better informed public, aware of opportunities to eliminate the cause of accidents of all types."

## PRELIMINARY ENGINEERING ON VICKSBURG SPAN

Preliminary engineering is now in progress on a new \$23,500,000 four-lane bridge across the Mississippi River at Vicksburg. The new bridge, to become part of the federal interstate highway system, is tentatively scheduled for location 200 to 400 feet south of the existing highway-railroad bridge at Vicksburg. The new bridge, with full width and separated traffic lanes will be toll free.

Learning to play is just as important to youngsters as learning to study and work, and with this in mind the Greenwood Park Commission has launched a full scale program for the summer months. Five playgrounds are open daily. Some of the activities planned for these are athletic contests, family night, progressive games, Watermelon cuttings, cowboy and Indian week, cookouts, skating parties and circus capers.

## ON VACATION

Leo Donegan and nieces Mary Elizabeth Corruthers and Catherine Donegan of New Orleans are spending a week in Waveland. While here their guests were Miss Helen Wilson, of Memphis, Tenn. and Miss Norma Skinner and niece, Beverly Cormier of New Orleans.

## Two Million Dollar Expansion Program For Solid Urea Manufacture

A two million dollar expansion program to provide for the manufacture of solid urea has been authorized by the Board of Directors of the Mississippi Chemical Corporation, Yazoo City, according to an announcement by C. S. Whittington, Greenwood, president.

The urea plant will be located at Yazoo City and construction is expected to be completed within the next fifteen months.

The new facilities will provide approximately 100 tons a day of solid urea in addition to making available high nitrogen liquid fertilizer for direct application.

According to Owen Cooper, executive vice president of MCC, the new facility is being installed to keep MCC abreast with the

latest developments in the technology of manufacturing solid and liquid fertilizers for the use of farmers in the territory served by MCC. The additional facility will increase the plant investment at the Yazoo City operations to approximately 20 million dollars.

## PIG CROP ESTIMATED

The 1958 spring crop in Mississippi has been estimated at 490,000, three per cent more than the ten year average of 477,000 head for the 1947 to 1956 period. The number of pigs per litter this year averaged 6.2, while last year's was 6.1.

## DAIRYING PAYS GOOD INCOME

Mississippi dairy farmers are receiving \$50 million annually from the sale of their products. There are more than half a million milk cows in our state producing one and a half billion pounds of milk a year. Despite the tremendous investment in research and equipment required, the milk industry has made impressive technological advances in recent years. This is attributed to management learning to improve efficiency. The dairy associations have expanded in promotion, merchandising and public relations.

# AGRICULTURE To Be Held July

The election of the Agricultural Stabilization and Conservation Committee will be held Tuesday, July 8, 1958, at the Hancock County Agricultural Stabilization and Conservation Committee offices.

Three regular members, one of whom will be elected by the farmers who conduct the elections, will advise and conduct the elections. The chairman of the county committee will also serve as delegate to the county convention to elect the county committee.

Election by casting ballots at designated polling places will be the method used this year. Chairman Lee announces: The polling places for each community are as follows: Leetown-Catahoula, Leetown School; Kiln-Rocky Hill, Kiln School; Flatport-Aaron Academy, Aaron Acad. School; Deacons, Sellers, Nease, Crossing, Standard, Sellers School; Bay St. Louis, Bay Shore, Lakehurst School; Annapolis, Annapolis School; Napoleon, Napoleon School. The polls will be open from 9:00 a. m. to 5:00 p. m.

Chairman Lee explains that all farmers, owners, tenants and sharecroppers are eligible to vote who are carrying on an approved Agricultural Conservation Program; that a cooperator's loan under price support, even those not of legal voting age may vote if they are in charge of the supervision of the farming operations of an entire farm. An eligible voter is entitled to only one vote. There shall be

**"Merry Andrew" To Be At Star Theatre Sunday And Monday**

Danny Kaye should have an even firmer grip on his legion of admirers with his latest role in "Merry Andrew," produced by M-G-M by Sol C. Siegel who has given the screen such hits as "High Society" and "Les Girls." A merry comedy with songs, "Merry Andrew" has one of the most colorful and dazzling circus backgrounds ever created for a film, with more than a third of the action taking place under a 110 by 160 feet Big Top, in which aerialists, animal acts, tight-rope performers, clowns and all the other attractions of a circus perform as a part of the story.

Danny, as a teacher in a boys' school in rural England, becomes involved with the circus (and with Pier Angeli, niece of the owner) and finds himself in the role of a clown. From the moment he falls through an excavation into a lion's ring to the story's frenzied finale, in which he finds himself flying through the air as a terrified member of a thrill act, "Merry Andrew" supplies an unrelenting series of laughs.

Filed in CinemaScope and Metrocolor, the picture is based on a Paul Gallico story, with the screen play by Isobel Lennart and A. L. Diamond. Michael Kidd, of "Guys and Dolls" fame, directed and also created the choreography, with the film's songs written by Paul Chapin and Johnny Mercer.

Pier Angeli plays her second role as a trapeze artist in "Merry Andrew," having previously been taught the rudiments of the art four years ago for "The Story of Three Loves." Also playing prominent roles are Baccaloni, Metropolitan Opera star.

**CASE OF MISTAKEN IDENTITY**

served as best man. The young couple left immediately after the ceremony for a wedding trip to Pensacola, Fla. For traveling the bride wore a beige suit with white accessories and an orchid corsage. Mrs. Baillargeon is a graduate of St. Joseph Academy.

## Baillargeon-Carver Wedding Solemnized Saturday, June 8th

Miss Barbara Allen Carver, daughter of Mrs. Florence Carver of Bay St. Louis and the late Allen Carver, and A.J.C. Gary William Baillargeon, of Keesler Air Force Base, son of Mr. and Mrs. Walter William Baillargeon of Kankakee, Ill., were married at a nuptial Mass Saturday, June 8, at Chapel No. 1, Keesler Air Force Base.

Rev. Father Basket officiated at the double ring ceremony, which was performed before an altar decorated with arrangements of white gladioli and chrysanthemums. For her wedding the bride chose a street length gown of white brocaded taffeta fashioned with a bouffant skirt. The fitted bodice, featuring a round-neckline, was embroidered in seed pearls and rhinestones.

Her finger-tip veil of illusion was held in place by a small band of flowers. She carried a bouquet of fleur d'amour and stephanotis centered with an orchid.

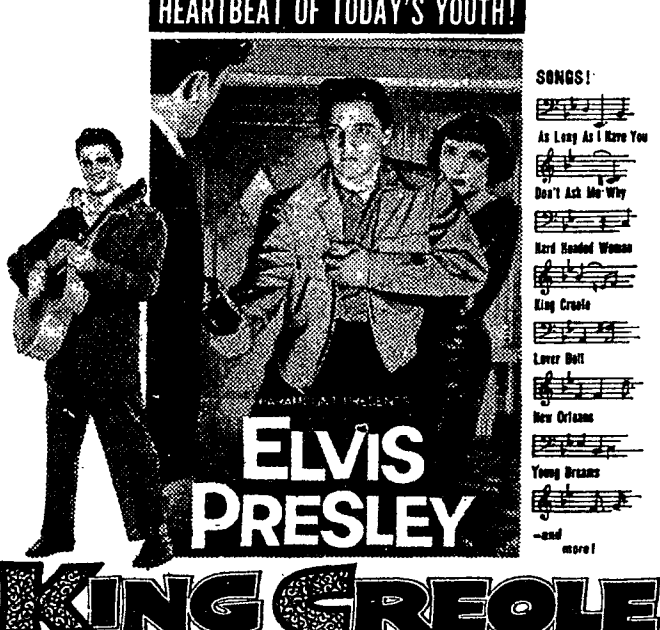

Miss Gail Banderet, maid of honor, wore a soft green street length dress. Her frock was fashioned with a bouffant skirt, and the bodice was made with a bolero, embroidered in seed pearls and rhinestones. A small white feather hat completed her ensemble. She carried a spring bouquet.

## The Legion Theatre To Present July 9-10 "The Missouri Traveler"

The great American Middle West, sometimes called America's heartland, is glorified magnificently in "The Missouri Traveler," second major Technicolor production in C. V. Whitney's American Series. The cast is headed by Brandon de Wilde, the remarkable boy actor of "Shane," now grown to manly fifteen; Lee Marvin, the much-acclaimed star of "Hombre County," Gary Merrill, Paul Ford of the Sergeant Bilko TV show; and screen newcomer Mary Hoford. Specifically, it is that section of the Mid West known as the Mark Twain country, the south-east part of the great State of Missouri, which is the scene of "The Missouri Traveler." The picture transports the viewer on a lovely nostalgic journey, back half a century, to the sonolent but pleasurable life of a town of 1500 souls, "kind hearts and simple people." Thanks to the production guidance of Patrick Ford, the able direction of Larry Hopper and the brilliant adaptation by Norman Shannon Hall of the John Burrows novel, moviegoers are given in "The Missouri Traveler" an excellent understanding of how folks lived in the American
